Then create the authorization as described in the above directions.

Step 3

Click the existing authorization hyperlink to view the original authorization in a separate tab. You should remember to close the newly opened tab after viewing the authorization, as having multiple tabs open in CJA eVoucher can lead to unintended results.

Notes:

- When increasing funds on an existing authorization, the approved amount is added to the amount of the original authorization to which it is attached, and a link is established between the two documents.
- The original authorization is the one that holds the approved funds, and is the only authorization presented when CJA21/31s are generated. These authorizations are also used for the various calculations regarding authorization amounts.
